

Sponsor the *DCAC* and help us *help children*

The Dakota Children's Advocacy Center (DCAC) provides hope, health and healing to children and families who have experienced trauma and abuse.

Because of tightening budgets, the DCAC needs to find people and organizations that can provide everyday comforts needed here at the center. Things such as a bottle of water for an overwhelmed mother or a little snack for a hungry child make a world of difference here.

We are asking people to pitch in, by committing to a one-month sponsorship, you will donate items like juice boxes, bottles of water and a variety of individually packaged peanut-free snacks to keep our kids comfortable on a daily basis. These are some additional ideas to help us out with some of our basic needs:

- During your month, hold a drive asking people to donate needed items
- Hold a jeans day during your month to collect money to purchase needed items
- Divide up the items and ask each department or staff member to contribute specific items
- Ask your church or youth group to put out a donation collection container
- Request items through your bulletin or newsletter
- Talk to a local club or organization and ask them to adopt the DCAC

Please contact us at info@dakotacac.org or 323-5626 to pick the month you would like to sponsor.
