Dakota Children's
ADVOCACY CENTER

Multidisciplinary Team Training

How the DCAC Helps You

Join us in learning how Dakota Children's Advocacy Center supports our multidisciplinary team and the broader community. Participants will learn about the resources, consultation, and training DCAC provides to local professionals, while also receiving an overview of DCAC's community outreach, education, and prevention efforts. The session will conclude with a guided tour of our center and an opportunity to see how our child-friendly, trauma-informed space supports children and families.

Friday
Dec. 4th, 2026
